'Siren' is a delicately flavored traditional pink gin without the added colouring.

'Holdfast' is 793's premium Navy strength product, infused with lime botanicals and 'Holy Island Sea Salt'. At 57% don't panic if you spill a bit on your Gun powder, it'll still go off with a bang!

Guffy's Curse, My personal favourite and I'm not a Rum Guy! Try this unique and natural Rum, over ice or with fresh lime & ginger ale.

WHISKY (too many to list & forever changing)

As we love to try different rare whiskies, please check our bar for a range of over 40 different Scottish single malts with varying ages, strengths, and prices from small batch independent bottlers.

In my opinion some of the best whiskies are produced by independents, as they enjoy a mess around with whisky at different ages, strengths and casks to produce some really unique and exciting flavours. My only concern is that some of these are so rare...Once they are gone, that really does mean they are gone! But it is always a pleasure to have been a part of the Independent bottlers journey and to have lasting memories of some really amazing Whisky.
